

Enhanced Learning Opportunities

All students in Years 7-8-9 participate in our ELO program two sessions a week.

Years 7, 8 and 9 students choose one ELO per semester (2 per year) from a wide variety of activities that meet specific and assessable learning outcomes. ELO's allow for

- a broad development of skills and understandings over three years
- a development of each student's specific interests within the nominated Senior School Academies
- learning in an integrated, purposeful, interesting and fun way
- the utilization of specific staff skills

Abbreviations used:

R&D Research and Discovery Academy

W&C World and Change Academy

E&I Enterprise and Innovation Academy

D&P Design and Production Academy

TDP Touch Development Program

FDP Football (Futsal) Development Program
