

College Resource Centres

The Resource Centres in the Primary and Secondary Campuses are the centres for reading and research. Both Resource Centres have a computer lab in addition to up-to-date fiction, non-fiction printed texts and media resources. At Chancellor State College we aim to:

- create an information literate school community
- encourage a life-long love of reading
- provide opportunities for students to become independent and interdependent learners, informed decision makers and effective communicators

When items become overdue, the following procedures occur

3. Maroochy Libraries

The Maroochy Library is a valuable resource for both students and teachers. All you need is current Library membership to access the services offered by the various branches. You can do this in several ways:

- visiting the libraries in person in the district
- visiting online at the following address

<http://chancellorsc.eq.edu.au/wcmss/www.maroochy.qld.gov.au/maroochylibraries/>

You will be able to search the library catalogue, reserve books and use some of the wonderful online databases for your research. This will be especially helpful if you can access the internet at home.

-

Secondary students can visit the Mobile Library every second Tuesday at second break.

" The Mobile Library, a state-of-the-art prime mover and purpose-built library trailer, is a very popular service provided by Council. The library comes complete with wheelchair lift, air conditioning, display areas, OPAC for public use, coin-operated photocopier, printer, awnings and retractable stairs." (Maroochy Website- Home Page)

Students can borrow up to 40 items for one month. You can order resources online beforehand and have them delivered by the Mobile Library. All you need is a Library Card !

The Secondary School Resource Centre has application forms if you wish to join. Students will need a parent or guardian to sign.
