The best we can be

Chancellor State College – 2026 Excursion and Activity Improvements

Dear Parents and Caregivers

Chancellor State College has reviewed the process for optional extra-curricular activities (including excursions, incursions, and camps) as part of our ongoing commitment to continuous improvement.

From 2026, several enhancements have been introduced to support families with greater transparency, earlier planning, and improved communication when making decisions about student participation.

Key improvements include:

- ✗ A College-endorsed Excursion and Events Calendar, available on our College Website, giving families more time to plan and prepare for upcoming opportunities.
- ✗ A streamlined approval and communication process, ensuring activities are confirmed and communicated well in advance.
- ✗ Clearer payment timelines and eligibility requirements, helping ensure every student is prepared and supported prior to departure.

These improvements aim to make participation in College activities more accessible, predictable, and well-organised for our families.

Understanding the Excursion and Activity Process

Excursion consent forms will be released through Consent Management. It is important that parents and carers respond to the consent request if you would like your child to participate in the excursion or activity.

Once consent is provided and you select 'Yes', the College will issue an invoice for the activity. Please note that payment must be made in full by the due date to secure your child's participation.

To assist parents and carers — as we understand life gets busy — the College will be introducing a new reminder feature via QParents. This will provide helpful notifications about upcoming consent and payment deadlines, ensuring families remain informed and organised.

Payment and Eligibility Requirements

Participation in any College-organised activity requires that all student accounts are up to date, and that regular payments are being maintained in accordance with any agreed plan.

- ✗ Optional extra-curricular activities must be paid in full by the due date.
- ✗ Instalments may be accepted; however, the total payment must be finalised by the payment deadline.
- ✗ If accounts are not up to date, participation in the activity cannot be guaranteed.
- ✗ Families requiring support are encouraged to contact the Business Manager before the due date to discuss payment arrangements or confirm account status.

We appreciate your continued partnership in supporting equitable and well-planned opportunities for all students.

Thank you for helping us make 2026 a positive and engaging year for every learner.

Regards

Brad Roberts
Executive Principal

2026 P&C Approved Excursions and Activities

Purpose & Introduction

This Excursion & Incursion Calendar provides families with an overview of the learning experiences planned for students throughout the year. Students across all year levels have the opportunity to participate in optional curricular activities, including excursions, camps and enhanced learning experiences designed to enrich their educational journey.

Dates, venues, and costs are provided where available, with some details to be confirmed as arrangements are finalised. Please note that all excursions and incursions are subject to change due to venue availability, weather conditions, or curriculum adjustments.
