Year 10 – A Transition Year

- Year 10 is the entry point to the senior phase of learning. It is the final year of the Australian Curriculum, and forms the foundation of knowledge, understanding and skills required for senior studies.
- It is when students reflect on and make important decisions about:
 - achieving a [Queensland Certificate of Education \(QCE\)](#) or [Queensland Certificate of Individual Achievement \(QCIA\)](#)
 - undertaking [Vocational Education and Training \(VET\)](#)
 - seeking school-based training and apprenticeship opportunities for commencing tertiary studies.
- In Term 2, we will invite all Year 10 parents and carers to our Year 10 Parent and Community QCE information evening.

Year 10 – A Transition Year

- Year 10 brings many exciting opportunities for students to explore and learn about themselves and their pathways.
- Students will complete their senior pathway plan.
- Students transition from the compulsory phase of learning to the post compulsory phase of learning.
- Students can begin accessing vocational education options.
- Students can engage in work experience Term 4, Week 8 and up to an additional 25 days where needed.
- Students gain the flexibility to decide how to manage their study with a flexible Period 4 on a Wednesday.

Compulsory Phase of Learning

Compulsory Participation Phase of Schooling - *Education Legislation Amendment Act 2006*

A young person must:

- Stay in education or training for 2 more years or
- Get a QCE or
- Get a Certificate III vocational qualification or higher or
- Turn 17, which ever comes first
 - There is an exception for young people working 25 hours or more per week

Senior @ Chancellor State College

Our goal for all Senior students:

1. All students obtain a Queensland Certificate of Education (QCE)
2. Students either obtain:

 - A VET qualification of Cert III or above
 - A pathway to work
