

# Chancellor Football Excellence Program

'The best that we can be'

# Football Program

The Sports Excellence Program is an elite training and coaching program developed for gifted and talented male and female students in Football, that empowers them to pursue their sporting dreams. Students with demonstrated ability in Football are supported through mentoring, training and education from nationally accredited and industry experienced coaches.

# Football Program Curriculum Timetable

**There are three stages of the Sports Excellence Program.**

## **Stage 1 - Foundation (Years 7-9)**

- 2-3 lessons per week
- Interschool sport cluster days
- HPE theory completed within Sports Excellence Lessons (Once a week Terms 1 and 4)

## **Stage 2 - Development (Year 10)**

- 3 lessons per week
- Interschool sport cluster days
- HPE can be chosen as a separate subject

## **Stage 3 - Specialist Years (Years 10-12)**

- 3 lessons per week as a Non-ATAR subject
- Students completing 11/12 Sports Excellence gain 4 QCE points.

# Football Curriculum

The CSC Football Curriculum is designed to develop technically advanced players, capable of making their own footballing decisions, under pressure. Athletes will graduate from our middle school program with the technical ability to manipulate, strike and control the ball in a variety of ways and a thorough understanding of spatial awareness both on and off the ball. The senior program will incorporate the key principles of game training whilst still focusing on the technical and decision making skills needed to produce independent players. This will be supplemented by fitter, faster, stronger that will assist in producing functionally strong athletes.

# Competitions

## Schools Premier League

The Schools Premier League is the premier competition in school football.

Contested between 13 schools within South East Queensland that provide elite football curriculum programs. The SPL is contested across 5 divisions:

- Junior Girls (Year 7-9)
- Junior Boys (Year 7-8)
- Intermediate Boys (Year 9-10)
- Senior Girls (Year 10-12)
- Senior Boys (Year 10-12)

*Proudly Supported by*

The SPL competition is separated into 2 divisions of which Chancellor competes in the top tier.

## SPL Cluster Days

As the SPL can not cater for all Year Levels there are also Cluster Days organised throughout the year to give all players competitive matches.

- Year 7 (Terms 1 and 4)
- Year 9 (Terms 1 and 4)
- U/16 (Term 4)

# Competitions

## **Bill Turner Cup and Trophy**

The Bill Turner Cup (Boys) and Bill Turner Trophy (Girls) are school football competitions.

Around 850 school teams from NSW, Qld, ACT and Victoria participate each year, with all players 15 years and under in the year of competition.

The comp is a knockout format with early round matches starting in Term 1 each year.

PBC has been very successful in the competition including a national title in 2001 and multiple QLD finals in the last 20 years.

## **Futsal Championships**

All Students will have the opportunity to compete in the SEQ Futsal Championships and progress to Champions of Champions & Australasians

- Current NPL Player Moreton Bay

**Brady Cronk**

- Chancellor State College Football Excellence Program 2018 –current.
- FFA C Licence
- Current QPL Player Sunshine Coast Fire
- Intermediate & Senior Boys SPL Coach
- Year Level Coordinator- Year 9

The essence of our coaching philosophy, is based on the long term development of athletes in their physical conditioning, techniques, tactics, mental approach and satisfaction in learning new skills and enhancing existing skills. CSC aim to create an environment that is conducive to learning, embracing a culture of teamwork and fostering individual and team success.

# Long Term Athlete Development

CSC's Fitter, Faster, Stronger Program is used to improve student's strength and conditioning levels across years 7-12. Students can complete these sessions daily before school with a focus tailored towards building functional strength for football, competition schedule and training workload. The Fitter, Faster, Stronger Program also uses prehab and rehab strategies to assist with injury prevention and improving injury recovery time. Students then transfer this onto the playing field to improve skills and ability, allowing them to reach their full potential.

# Training Facilities

Students in the Football Program have access to a large gym facility consisting of free weights and rigs & pin machine weights. All staff are also highly trained and accredited in Strength & Conditioning. Students also have access to two full sized football pitches, and access to the University of The Sunshine Coast indoor stadium & athletics track.

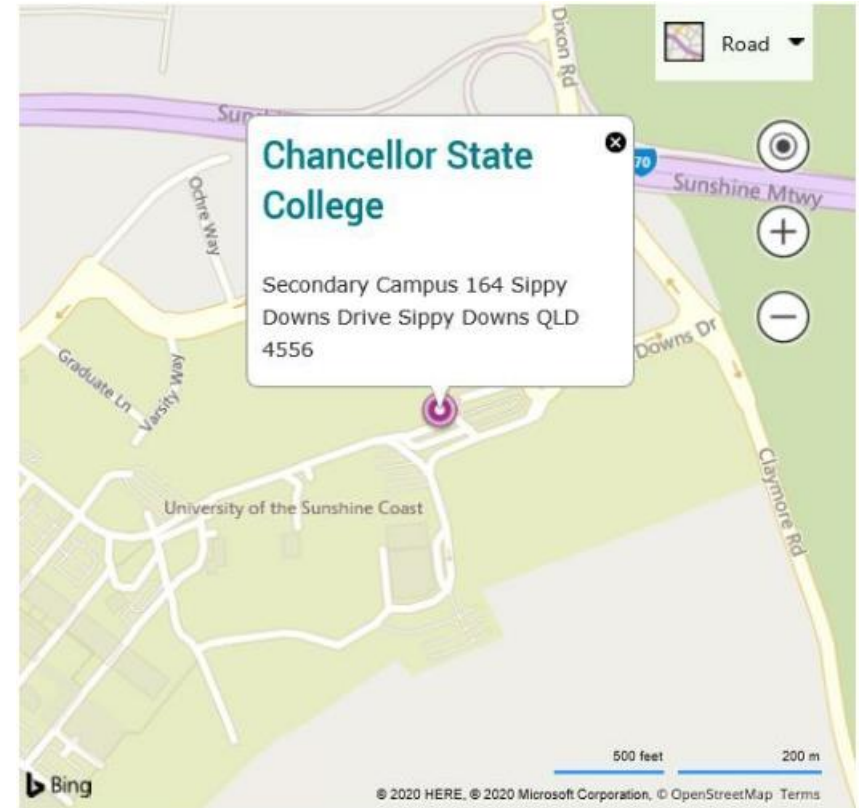

# Location

Located centrally on Queensland's Sunshine Coast, Chancellor State College is a five minute drive to Mooloolaba, and is a one hour drive north of Brisbane. Our college enjoys a partnership with the University of the Sunshine Coast to deliver world class educational opportunities to all in the Sippy Downs Educational Precinct. This unique agreement offers an incredible richness to our highly regarded programs that are delivering outstanding achievements in the academic, cultural, leadership, community and sporting pursuits of our students from prep through year 12 into university.

We have a large number of students who live out of catchment and travel to CSC to gain the elite coaching environment that CSC has to offer. Specialist CSC school busses run directly to and from suburbs up and down the Sunshine Coast.

# Sport Excellence Within The CSC Curriculum

All students in the program will satisfy the curriculum requirements for their stage of schooling as determined by the Queensland Department of Education and the Board of Secondary School Studies. These students will also have access to well-structured developmental programs of sports coaching and training by highly qualified and experienced State Association and school staff.

State Sporting Associations and “parent” professional organisations play important roles within the sports excellence program. They are involved in the selection of Sports Excellence students and the development and delivery of the coaching and training program. Training and specialised coaching programs are conducted in school time and may include sports related topics such as sports nutrition, strength and conditioning, competition preparation and psychology as well as tuition in time management, study skills and goal setting.

The Sports Excellence Program is compatible with both the ATAR and Non-ATAR strands of Senior Schooling 10, 11 and 12.

# Educating For Success

## School Aim:

To be a world class school which nurtures the talents of every student, positions them to succeed in their preferred careers and thrive in all dimensions of a balanced adult life including relationships, health, creativity, citizenship and recreation.

## ACADEMIC RESULTS

- CSC offer a much greater variety of subjects and programs as well as being flexible around timetables.
